Section 1:

1. Context

Hazel Grove High School has Specialist Schools and Academy Trust status as a Technology college with lead subjects of Mathematics, Science and Design Technology. It is a just above average 11 – 16 comprehensive school with approximately 1050 students on roll. The majority of students are white British and the number of ethnic minority students is significantly below the national average. Although the attainment on entry is close to national average in all year groups, the number of students with SEN statements and school action plus has increased over the last four years. Although the school has 6 local associated primary schools, it draws a number of students from more socially deprived areas across Stockport. The mobility of students has been above the national average for the last three years and is increasing.

The legal and local framework for this policy is:

- Race Relations Act 1976 (as amended in 2000)
- Disability Discrimination Act 1995 (as amended in 2005)
- Children Act 2004
- Equality Act 2006
- Education and Inspections Act 2006
- Duty to Promote Community Cohesion, Education and Inspections Act 2006
- Stockport Diversity and Equality Policy and Comprehensive Equality Scheme

4. Policy Planning and Review

Whilst we have a duty to develop and publish equality schemes in relation to both gender and disability, we at Hazel Grove High School are considering all aspects of diversity and equality in this comprehensive policy to be followed by a specific equality and diversity action plan in relation to access, gender and race equality covering a three-year period.

Policy planning and development

- In the planning and development stage of policy-making, we will ensure we have consulted and taken into account stakeholder views.
- All improvement plans will be designed with an element of impact assessment built in to monitor the success of each activity.
- There will be a systematic review of the impact of all policies and procedures on equality and diversity to address any areas of inequality. For example
 - achievement and attainment will be analysed for all groups of students and trends noticed and accounted for.
 - similarly attendance and exclusion data will be analysed for all groups.
- Our target-setting processes ensure appropriate, challenging targets are set in relation to identifiable groups as well as individual students/cohorts.

Monitoring and Quality Assurance

- Each student's progress is monitored and tracked. The resulting data is analysed in respect of gender, race, ability or additional needs, looked-after status.
- In addition to monitoring to rule out any potential disadvantage, quality assurance procedures ensure the school meets its duty to positively promote diversity. For example through a differentiated curriculum and by celebrating diversity in assemblies.
- The data collected is used to inform further school planning, target-setting and decision-making.
