

Dear Parent/Carer,

October 2017

SIMS ParentApp

Throughout the Autumn term we will be rolling out the SIMS ParentApp. With this you will be able to access important information about your child via a smartphone, tablet or computer. You will find the following available through the app:

- Important information such as attendance, punctuality and achievement,
- School term, in-service training dates and contact details
- Access to your child's KASH reports
- Access to update your contact details, so we always have the most up-to-date information in case of emergency
- If you have more than one child at school, you'll have access to information for all your children, from the same app.

Once set up the SIMS ParentApp will allow you easy access to the above information.

Getting started with the SIMS ParentApp

1. We will send you an activation in the next few weeks; simply click on the link from your tablet, PC or smartphone to activate your account.
2. You can then login using your normal **Facebook, Twitter, Google or Microsoft** username and password.
3. From your smartphone or tablet, download the app from the Google Play or Apple App store - search for **SIMS Parent**. (You can do this in advance of receiving the activation email).
4. From a computer or Windows phone, login online at www.sims-parent.co.uk

Activation emails will be sent out in the coming weeks. Your activation email will expire after 14 days if it is not used, please contact 'parentapp@chhs.org.uk' if you require a replacement after this date.

Yours sincerely,

Dr D Woolley
Assistant Headteacher
