

Dear Parents/Carers

**Re: Coronavirus Update**

Following on from the previous letter regarding the school closure, please find below information regarding how we will be providing remote education for all of our students.

Students will be set work electronically, using a variety of websites and resources. Students are expected to use their Show My Homework account to access the work set. We also have additional web resources and we encourage students to access these resources in addition to the work set. The list of web resources have been provided at the bottom of this letter.

Work will be regularly updated on Show My Homework so that students can utilise each day to take the time to complete the work set. There is an expectation that students complete work that is set daily. Please get in touch with us if your child has any issues accessing Show My Homework or any other web based resources.

For students in Year 11 and Year 13, despite the May/June examinations being cancelled, teachers will continue to set appropriate work.

List of web resources available:

--	---	---

We recognise how unsettling this situation is, and we appreciate your continued support throughout this time.

Yours sincerely

Mr M Stewart  
Head of School
