

## Post Results Services Summer 2025

The following information explains what may happen following an enquiry about the result of an examination. Please read this information carefully, it could have serious implications for your future.

### **Reviews of Results (RoRs)**

If your examination centre makes an enquiry about the result of one of your examinations, after your subject grade has been issued, there are three possible outcomes;

- Your original mark **is confirmed as correct**, and there is no change to your grade
- Your original mark **is raised**, so your final grade may be higher than the original grade you received
- Your original mark **is lowered**, so your final grade may be lower than the original grade you received

There are three main options:

1. **Priority Review of Marking** – This review is only available to AS/A Level students. The deadline for us receiving this is midday Wednesday 20 August to ensure we are able to meet the awarding body deadlines.
2. **Standard Review of Marking** - This reviews the original marking and also includes a clerical re-check. The deadline for requesting this is midday Wednesday 24 September.
3. **Clerical Re-check** - This checks all the clerical procedures e.g., all questions have been marked, totals correctly added up and correctly recorded. The deadline for requesting this is midday on Wednesday 24 September.

Candidates must complete and sign a Candidate Post Results Service Request Form before any request for a review of results can be made. This confirms your approval and indicates that you have understood what the outcome might be.

### **Access to Scripts (ATS)**

Two services are available:

1. **Priority Access to Scripts** - To help you decide on a possible re-mark. Our deadline for requesting this is Wednesday 27 August (AS or A Level ONLY) and Wednesday 3 September (GCSE ONLY).
2. **Non-priority Access to Scripts** - This is useful if you want to find out where you lost marks and how to improve if you plan to re-sit the paper. (Once you have the original script, your result cannot be altered, even if you discover it was incorrectly marked). The deadline for requesting this is Wednesday 24 September.
